# **Please! Do Not Lend Your CITY DIRECTORY**

## **IT COSTS YOU MONEY Every Time It is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—he they one—or be they 1000.

If there were but One Subscriber to the City Directory—the One Subscriber would of necessity have to absorb The Whole Cost.

If there were 1000 Subscribers—each one would have to absorb 1/1000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers—the Lesser the cost to each.

Every time you loan your City Directory the Less Necessity There is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.

**HENDERSON DIRECTORIES LTD.**

# Common Sense

## About City Directory Circulation

**THE TRUE VALUE** of advertising circulation is circulation consulted.

**TO BE EXACT**—by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$
$$1,067,500$$
